### Company Overview

Blue Alchemy Consulting, LLC is a woman-owned small business specializing in Federal procurement policy and oversight. Blue Alchemy provides legal, consulting, and training services on the three critical functions of every procurement policy office – Policy Development, Policy Dissemination, and Policy Oversight.

1. **Policy Development:** The complex landscape of laws, regulations, and policies that govern the award and administration of Government contracts.
2. **Policy Dissemination:** Streamlined processes and procedures for disseminating regulatory and policy requirements to members of the acquisition workforce.
3. **Policy Oversight:** Internal controls to manage the risks found within an agency's acquisition system and maximize compliance with applicable regulations and policies.

### Core Competencies

- Advisory Services
- Change Management
- Federal Rulemaking
- Leadership Assessment & Development
- Legal Research & Analysis
- Policy Analysis, Development, & Implementation
- Process Improvement
- Regulatory Analysis & Compliance
- Training

### Distinguishers

Blue Alchemy provides world-class solutions to problems faced by senior procurement leaders and their policy and compliance organizations. Blue Alchemy consultants have an expert knowledge of Federal procurement policy, and all have held senior positions in the Federal or private sector. Blue Alchemy offers a comprehensive training curriculum that equips procurement analysts with the knowledge, skills, and leadership acumen necessary to excel in their procurement policy, oversight, and workforce development responsibilities.

Blue Alchemy's founder has a rare blend of legal, policy, operational, and program office experience. She has led interagency teams in drafting changes to the Federal Acquisition Regulation, managed procurement oversight programs, and led acquisition reform efforts. Her passion is strengthening procurement operations across the Federal government.
